Subject : ToFD Services in our Petrorabigh Project
Reference : 1800-RB1-SUB-MEC-005

Dear Sir:

We would like to express our sincere appreciation to the TCR Arabia team for their contribution towards the completion of our Petrorabigh Project.

The efforts & dedication shown by the TCR Arabia team was exceptional in carrying out their activities and assisting us in executing the project in time. We certainly look forward for a long term relationship with TCR Arabia by getting the wide range of NDT & Inspection Services offered by them in all our projects across the Kingdom of Saudi Arabia.

On behalf of SINOPEC, we thank you once again for your support in our project which completed in the end of May, 2008.

Best regards,

2008.06.15

Mr. Rohit Bafna
Director - Global Sales
TCR Engineering Services

Mr. Bafna,

PetroRabigh Logistics & Interface Division–Directorate Quality Team would like to thank TCR for its presentation/demonstration on the 24th June, 2007 at our facilities. We believe that the presentation/ demonstration provided an excellent forum for the attendees as it provided both the theoretical background and principles behind ToFD as well as the excellent functional demonstration of your equipment and technique.

The team's NDT Level III was particularly impressed with your equipment's ability to discern the additional 'features' he had designed into the material sample on which you performed your demonstration and has commented that he believes the technology could provide a great level of support to our contractors on the project.

We sincerely hope you and your firm is chosen to work on this project and we look forward to working with you.

Thanks and Kind Regards,

Carl Ash

Appreciation Letter

Sipchem Reliability & Inspection Department would like to appreciate TCR Arabia Company Limited for their contribution and the support extended during the first major turnaround of IDC, IMC & UNO plant in August, 2009.

Services rendered by TCR Arabia's Inspectors and Technicians during this turnaround deserve great appreciation which enabled us to execute the activities on time.

We anticipate the same response and services during our future requirements.

Wishing your organization success in the future.

Dear Mr. Bafna:

Vide letter dated 18th June, 2008, it has been officially informed to TCR Arabia that the scope of ToFD services is now complete in our UOU Project at Petrorabigh.

It gives us great pleasure to have recognized a committed company offering the NDT & Inspection Services and displaying high degree of professionalism in carrying out the job at site since October, 2007. Your cooperation and dedication during the course of this project was phenomenal. TCR Arabia's team effort has undoubtedly been a part of our success in this project.

TEKFEN will be pleased to avail the services of TCR Arabia in all its projects across the Kingdom of Saudi Arabia.

We once again thank you for the great support and commitment displayed by TCR Arabia in our project.

Best regards,

Sukru Aytemiz
